AH Rotary Holiday Decoration Winners

Homeowners at 302 College claimed first place in this year's Alamo Heights Rotary Sparkle of the Season Awards by combining technology and tradition for an arresting holiday light display.

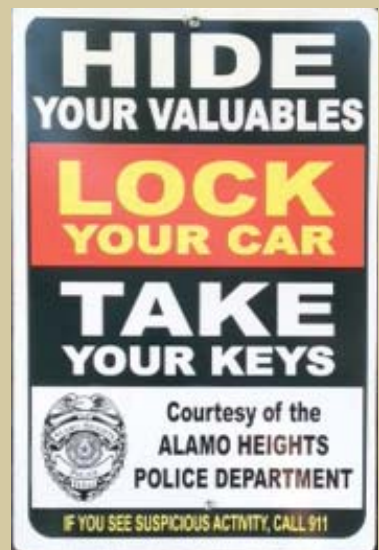

Second place was claimed by 202 Grandview, and 346 Bluebonnet was awarded third place for 2014. All three winners were recognized with a yard sign and gift certificates from a local merchant.

Sparkle of the Season Awards recognize single family dwellings in Alamo Heights that are outstanding in appearance, attractiveness and manner in which they complement their locations.

Winners were chosen by a committee of Alamo Heights Rotarians.

Home Heating Safety Tips

Heating equipment is one of the leading causes of home fire deaths. With a few simple safety tips and precautions you can prevent most heating fires from happening.

- Keep anything that can burn at least three-feet away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have a three-foot "kid-free zone" around open fires and space heaters.
- Never use your oven to heat your home.
- Have a qualified professional install stationary space heating equipment, water heaters or central heating equipment according to the local codes and manufacturer's instructions.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Make sure the fireplace has a sturdy screen to stop sparks from flying into the room. Ashes should be cool before putting them in a metal container. Keep the container a safe distance away from your home.
- Test smoke alarms monthly.

Visit www.alamoheightsfire.com to download the complete safety flyers to help your family stay warm and safe in the upcoming months.

FACT

Half of home heating fires are reported during the months of December, January, and February.
