IN THE RIGHT *light* DECORATE YOUR HOME SAFELY DURING THE HOLIDAYS:

According to the National Fire Protection Association, **860 home fires** caused by holiday decorations occur **each year**. An additional **210 home fires** are caused by Christmas trees per year. Follow these steps to ensure you decorate your home safely during the winter holidays.

Make sure all **extension cords** and **electrical decorations** are marked for **proper use**

Outdoor electric lights and decorations should be plugged into circuits protected by **ground fault circuit interrupters (GFCIs)**

Inspect all lights, decorations, and extension cords **for damage before using**

Exercise caution when decorating near power lines. Keep yourself and your equipment at least **10 feet** from power lines

Turn off all indoor and outdoor electrical decorations **before leaving home or going to sleep**

Avoid overloading electrical outlets with too many decorations or electrical devices. They can **overheat and cause a fire**

Never connect more than **three strings of incandescent lights** together

Water your Christmas tree **daily**

Keep all decorations at least **3 feet** away from **heating equipment or an open flame**

Purchase electrical decorations from reputable retailers and that are approved by a national recognized testing lab such as **UL** (Underwriters Laboratory), **Intertek (ETL)**, or **Canadian Standards Association (CSA)**
