CPS Energy Tree Trimming

On April 25th, a presentation was made by CPS Energy regarding their Energy Reliability and Vegetation Maintenance Program. Beginning in May, a certified line clearance tree trimming contractor, Asplundh, will be trimming trees on public and private property in Alamo Heights on CPS Energy's behalf. This service is provided at no cost and is intended to increase the reliability of electrical service for customers.

Clearances are critical to maintain the electrical system. CPS Energy requires 10 feet of clearance from distribution lines. Qualified and certified personnel and contractors ensure the safety for crews and the health of the trees. Due to safety & reliability risks, residents are not authorized to trim their own trees within this 10 feet area. For trimming near the service drop to homes, customers are encouraged to call to schedule a temporary disconnect to ensure safety. For more information, please call CPS Energy at 210-353-2222.

International Firefighters' Day May 4th, 2022

"The role of a firefighter in today's society – be it urban, rural, natural environment, volunteer, career, industrial, defense force, aviation, motor sport or other, is one of dedication, commitment and sacrifice – no matter what country we reside and work in. In the fire service we fight together against one common enemy – fire – no matter what country we come from, what uniform we wear or what language we speak."

IFFD Founder, Lt. JJ Edmondson 1999

Firefighters dedicate their lives to the protection of life and property. Sometimes that dedication is in the form of countless hours volunteered over many years, in others it is many selfless years working in the industry. In all cases it risks the ultimate sacrifice of a firefighter's life.

International Firefighters' Day (IFFD) is a time where the world's community can recognize and honor the sacrifices that firefighters make to ensure that their communities and environment are as safe as possible. It is also a day in which current and past firefighters can be thanked for their contributions.

THANK YOU to all who serve to protect lives and communities.
