## City of Alamo Heights — Broadway & Ogden Lane Improvements

The city is pursuing a pedestrian-focused redesign of the Broadway & Ogden intersection, including a realigned intersection, new pedestrian mid-block crossing, widened sidewalks, patio/plaza space, and landscaped stormwater elements — an initiative born from City Council beautification workshops held in 2023–2024.

**E-Z Bel Construction, the selected contractor, is targeted to break ground late May 2026 (post school year) with substantial completion by August 2026**, contingent on closing Ogden at Broadway to vehicular & pedestrian traffic during the work.

**Temporary traffic and pedestrian impacts could include:**

- **Alternating lane closures on Broadway** between Albany and Austin Highway
- **Closure of Ogden Lane at Broadway**
- Ogden Lane on-street parking disruption
- Alternative routes for pedestrians
- Relocated VIA bus stops

For more information, please contact Frank Orta, Public Works Director, at [forta@alamoheightstx.gov](mailto:forta@alamoheightstx.gov) or 210-822-3331.
